the Monte Magic

No rabbits out of hats, or card tricks or silk scarves. But anyone who has attended a seminar with Monte Zucker knows there is magic in the air! Monte always has some surprises up his sleeve. And this time he's got more than a few! Come see what's been keeping Monte on top of the scene for the last 35 years of his public appearances. Digital or film - it doesn't matter to him. He'll compare the two and show how his techniques can be adapted to both!

Monte, of course, has gone completely digital. He's always been ahead of his time. Now, he's leading the way into the digital portrait era -- not to mention one of his web sites that's now getting over four million hits a month!

Monte promises to show and tell all -- well, at least as much as he can in the day that we've allotted to him: live posing and lighting, plus a glimpse into all the new things that he won't have a chance to cover live. So, if your photographic business could use a little magic, plan to join wedding-icon Monte Zucker at the Delaware Professional Photographers all-day program on February 29th.
